Care Assistant (Days/Nights) – Neville Williams House

Description About Us

We're BCOP, a charity that's been providing care and support to the older people of Birmingham for the last 75 years. We own three nursing homes and several housing schemes for older people in the city.

All three of our nursing homes have great local reputations – BCOP was given a carehome.co.uk 'Top 20 Recommended Small Care Home Group' award for the West Midlands in 2020. We use an electronic care planning system so you can spend more time caring for residents and less time on paperwork.

We know that little things matter and really get to know each resident as an individual. No matter what their role, every member of staff works together to provide the best possible support for our residents.

About You

We're looking for carers who share our values, who are focused on enriching the lives of our residents every day and enjoy working in a team.

You may have an NVQ Level 2 in Health & Social Care (Adults) or higher and you may have experience of working in a care home, but this is not a requirement.

You will work shifts, Monday-Sunday on a rota basis. Day and night shifts are available.

We are shortlisting candidates as applications are received.

Responsibilities

To provide personal care to residents, help to serve meals and help residents to eat where required, and to encourage and stimulate residents' own interests and hobbies.

Qualifications

NVQ Level 2 in Health & Social Care (Adults) or higher preferred.

Job Benefits

All employed posts benefit from a BHSF health insurance plan, employee health & wellbeing scheme, pension scheme and additional annual leave following long service.

All posts are subject to a satisfactory enhanced disclosure being carried out by the DBS and will include a check against the adult barred list. BCOP are committed to equality of opportunity.

BCOP does not want to be contacted by recruitment agencies in relation to any of
